

Access readers

Open and manage doors and gates with a smartphone, fob, keycard, or PIN code

ButterflyMX's line of contactless access control readers offers a modern aesthetic and state-of-the-art features that simplify the building-wide access experience.

Open doors and gates with a variety of credentials, including smartphones, fobs, keycards, or PIN codes.

OPEN DOORS WITH A SMARTPHONE

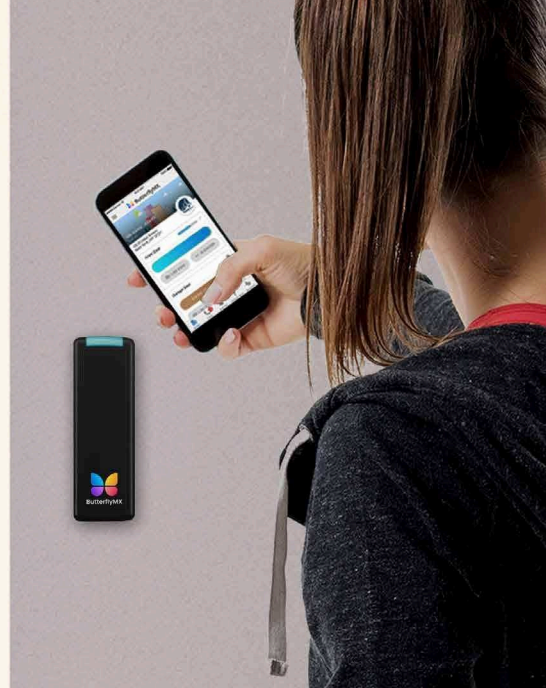

All ButterflyMX access control readers work with the ButterflyMX mobile app, which means tenants and staff can unlock doors & gates from their smartphones.

WORKS WITH OTHER BUTTERFLYMX PRODUCTS

Seamlessly connect your ButterflyMX access control readers with our other products — including our video intercoms, elevator controls, and key lockers — to enjoy a unified property access solution.

Mullion

Keypad
